CONTENTS

Foreward	ix
Preface	xi
1. Summary	1
2. Introduction	11
3. Profile of the Study Area	17
4. Nature of <i>Barga</i> cultivation	24
5. Farming Performance - <i>Bargadars</i> Vs Land-owners	36
6. Tenancy Patterns and Farm Efficiency	55
7. Conclusion and Policy Implications	75
Selected Bibliography	79

TABLES

1.	Land ceiling achievements - State-wise	13
2.	Distribution of households by castes	17
3.	Distribution of households by primary occupation in surveyed zones	18
4.	Distribution of households by nature of ownership and cultivation	19
5.	Association of castes and occupation of the households	20
6.	Number and percentage of <i>bargadars</i> with more than 2.0 ha. of leased-in land	22
7.	Land use in agriculture by districts/zones	24
8.	Zone-wise irrigation facilities by types of cultivation	25
9.	Cropping intensity by types of farms	26
10.	Ranking of highest yield of main crops by types of farms	28
11.	Distribution of <i>bargadars</i> by crop share and types of <i>bargadars</i>	31
12.	Percentage of produce received by <i>bargadars</i> as their share <i>vis-a-vis</i> the supply of bullock power	32
13.	Distribution of <i>bargadars</i> by crop share and cost share-Zone total	33
14.	Credit requirement	34
15.	Average cultivated area of different categories of farms	36
16.	Average land per <i>barga</i> household	37
17.	Distribution of cultivated area by farm size.	39
18.	Distribution of draught animals of <i>bargadars</i> under study before and after <i>Operation Barga</i> .	40

19. Cropping pattern and cropping intensity by categories of farmers	41
20. Average cost of material inputs (seed + manure + fertiliser) by categories of farms	43
21. Average cost of irrigation input by categories of farms	44
22. Labour input by categories of farms	45
23. Cost of variable inputs including family labour	46
24. Per hectare yield of crops by categories of farms	46
25. Crop-wise average productivity of human labour day.	48
26. Annual net return (ANR) on various categories of farms	49
27. Crop-wise return-cost ratios by categories of farms.	50
28. Ratios of MVP and price of the input	52
29. Predominant tenancy patterns before <i>Operation Barga</i> in West Bengal.	56
30. Major tenancy patterns prevailing after <i>Operation Barga</i>	57
31. Cropping pattern and cropping intensity	59
32. Crop-wise input use pattern by sub-categories of <i>bargadars</i>	60
33. Yield and annual gross return	62
34. Crop-wise net return by sub-categories of <i>bargadars</i>	63
35. Crop-wise net return by sub-categories of <i>bargadars</i>	64

36. Local paddy: Net return, entitlement and actual received	65
37. HYV Paddy : Net return, entitlement and actual received	66
38. <i>Boro</i> Paddy : Net return, entitlement and actual received	67
39. Potato : Net return, entitlement and actual received	68
40. Return on input costs (except labour) as per Share Tenancy Act	69
41. Crop-wise returns on family labour for the <i>barga</i> land	70
42. Crop-wise net return	72
